Sound You Feel

Sonāya

Our Vision

Sound has the power to transform what we feel, physically, mentally, and emotionally.

At Sonaya, we reinvent what sound can do, turning it into a tool for well-being that goes far beyond listening.

Our promise: to make technology disappear and keep only what truly matters, well-being, beauty, and emotion.

Where others sell a product, SONAYA designs a complete experience: human, harmonious, and lasting.

We craft invisible sound experiences, where technology fades away to reveal only emotion, beauty, and connection.

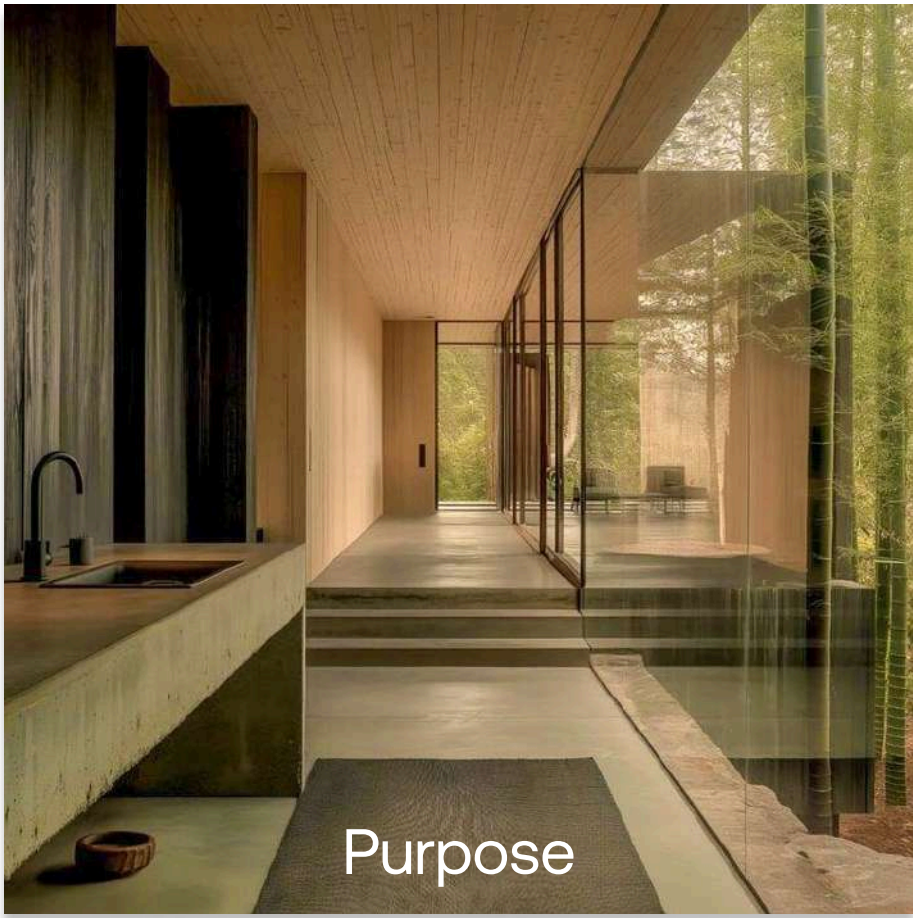

Our vision : to inspire The Good Life creating a world where sound is not just heard, but felt.

Our Philosophy

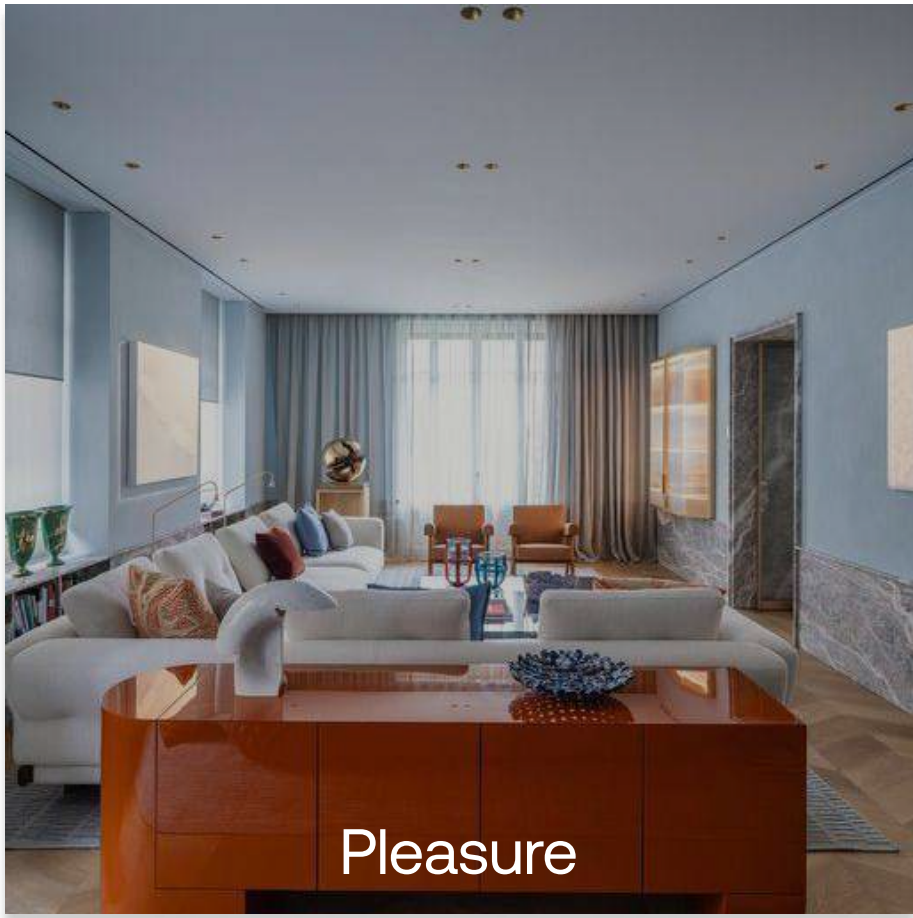

Sonāyā

At Sonaya, fulfillment is not a goal, it is the essence of who we are and how we work.
It is the common thread that connects our mission, our relationships, and the experiences we create.

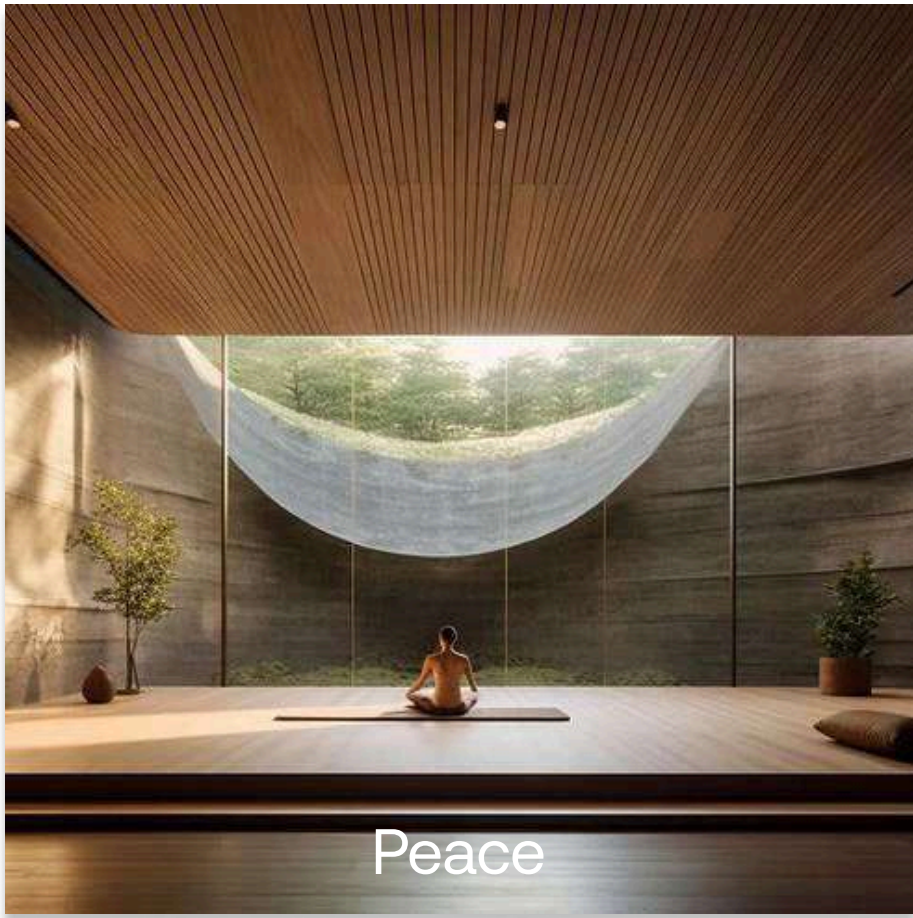

Music, like life, brings people together.
It awakens emotions, evokes memories, and transforms spaces into moments of connection.

Give Meaning
Every project begins with a clear intention: to create experiences that soothe and inspire.

Celebrate Beauty
Sound becomes pure pleasure, a gentle presence that elevates the moment without ever imposing itself.

Cultivate Harmony
The balance between innovation, aesthetics, and serene sound creates spaces of calm and renewal.

Connect People
Music becomes a universal language, it brings us closer and transforms every place into a shared experience.

The Essence of Sound

Sylph: The Technological Soul of SONAYA

At the heart of Sonaya, Sylph technology transforms surfaces into sound.

Thanks to its patented system, walls, ceilings, or materials become invisible acoustic diffusers.

The result : a pure, fluid, and soothing sound experience, an emotion you feel more than you hear.

No visible speakers. No visual disruption.
Only pure, immersive, living sound.

Sonaya

What Makes Us Unique

Sonāyā

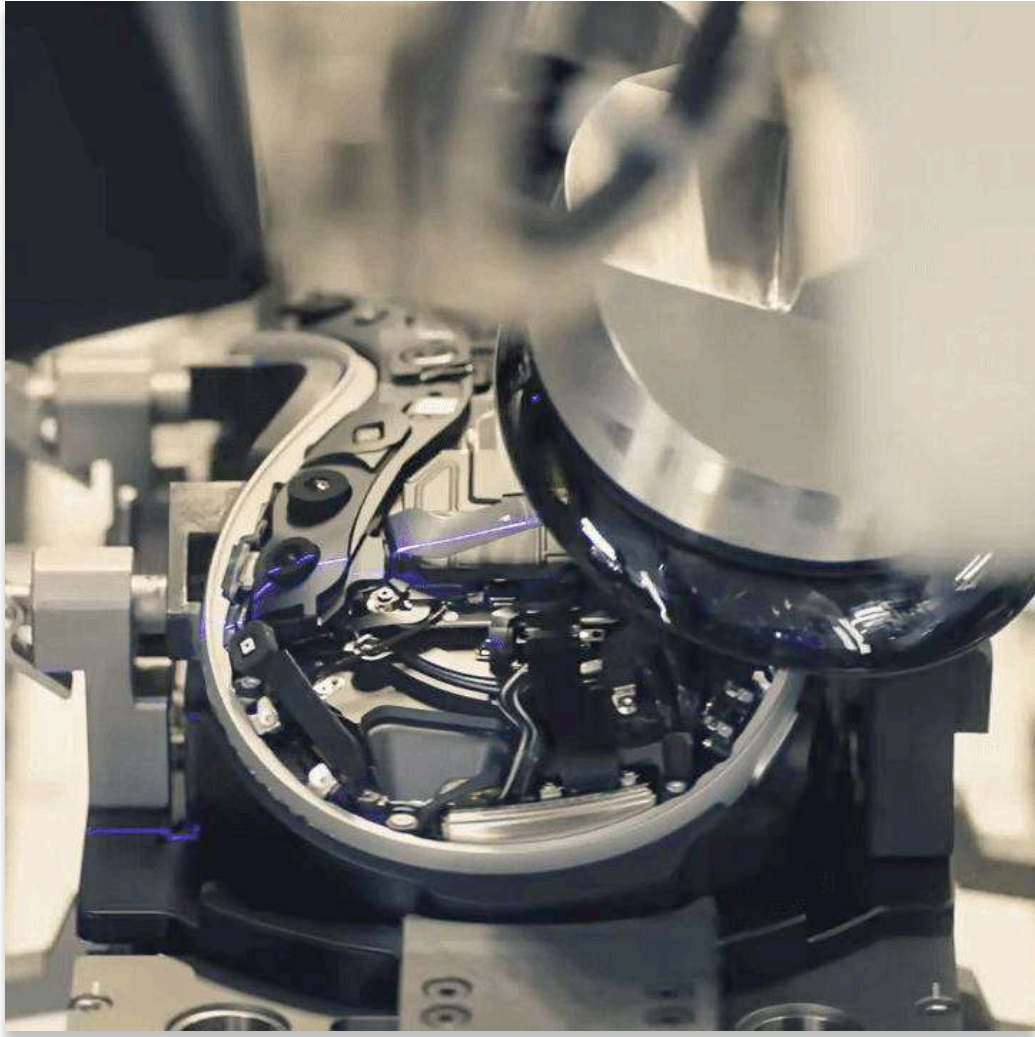

Invisible Technology

Sound blends seamlessly into matter, no speakers, no visual compromise.

Sensory and Emotional Design

A multisensory experience where music becomes pure sensation.

Sustainable and Responsible Craftsmanship

A French-made creation designed to last, with no planned obsolescence.

Perfect Harmony

Where innovation meets beauty, performance meets serenity.

The Experience

Imagine yourself in a cozy café.

**The gentle murmur of conversations mingles with the aroma of coffee,
and suddenly, a song begins to play.**

In an instant, you're transported.

That song, the one you used to hear on quiet Sunday mornings,
shared around a family breakfast.

You can almost smell the sweet coffee and the slightly burnt toast.

Music has this magical power.

It connects us, to others, to ourselves, and to our most cherished memories.

It can take us across time and space in the blink of an eye.

Sonāyā

The SONAYA Experience

Sonāyā

Well-being

Soothes, balances, and harmonizes emotions. An immersive experience that reconnects body and mind for a true moment of serenity.

Innovation

Brings technology and material into dialogue. Sound experiences that create a perfect symbiosis between innovation and emotion.

Beauty

Enhances the space through invisibility. Minimalist, seamless design technology fades away to reveal pure emotion and harmony.

Connection

Connects people to themselves and to one another. SONAYA nurtures moments of sharing, listening, and togetherness, where emotion and connection come alive.

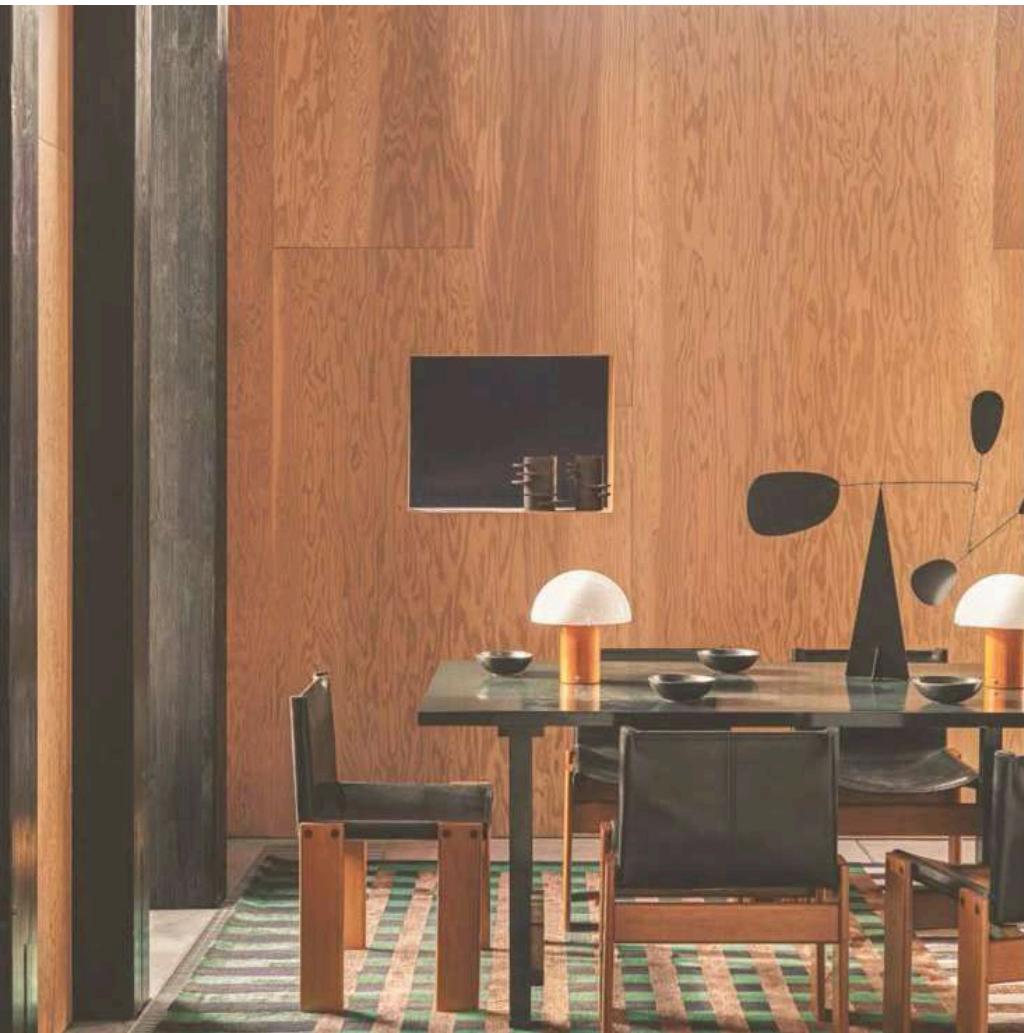

A harmony between human,
matter, and sound.

Applications

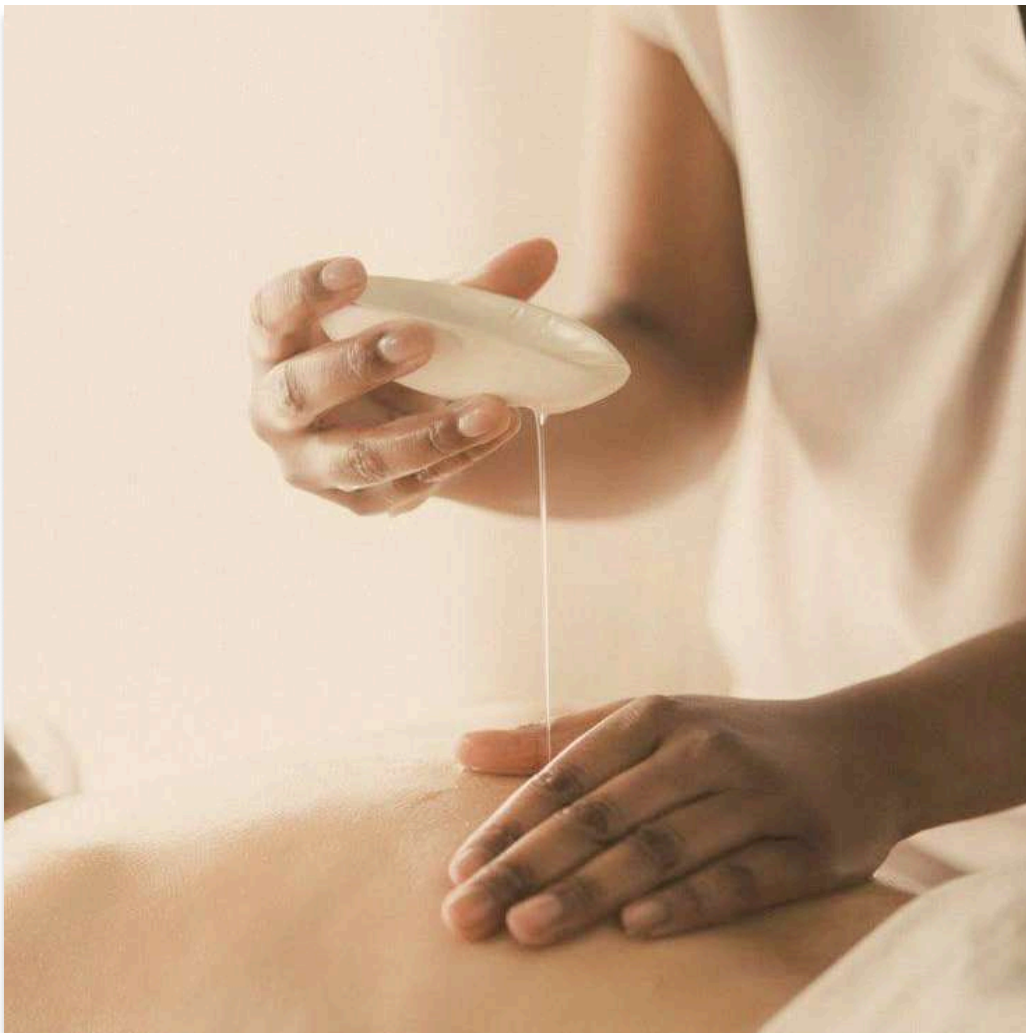

Sonāya

Our technology adapts to every environment where SONAYA enhances the experience.

Hospitality & Premium Residences

Create unique, discreet, and harmonious atmospheres.

Health & Well-being

Promote physical and emotional balance through sound.

Architecture & Design

Integrate music at the very heart of the material.

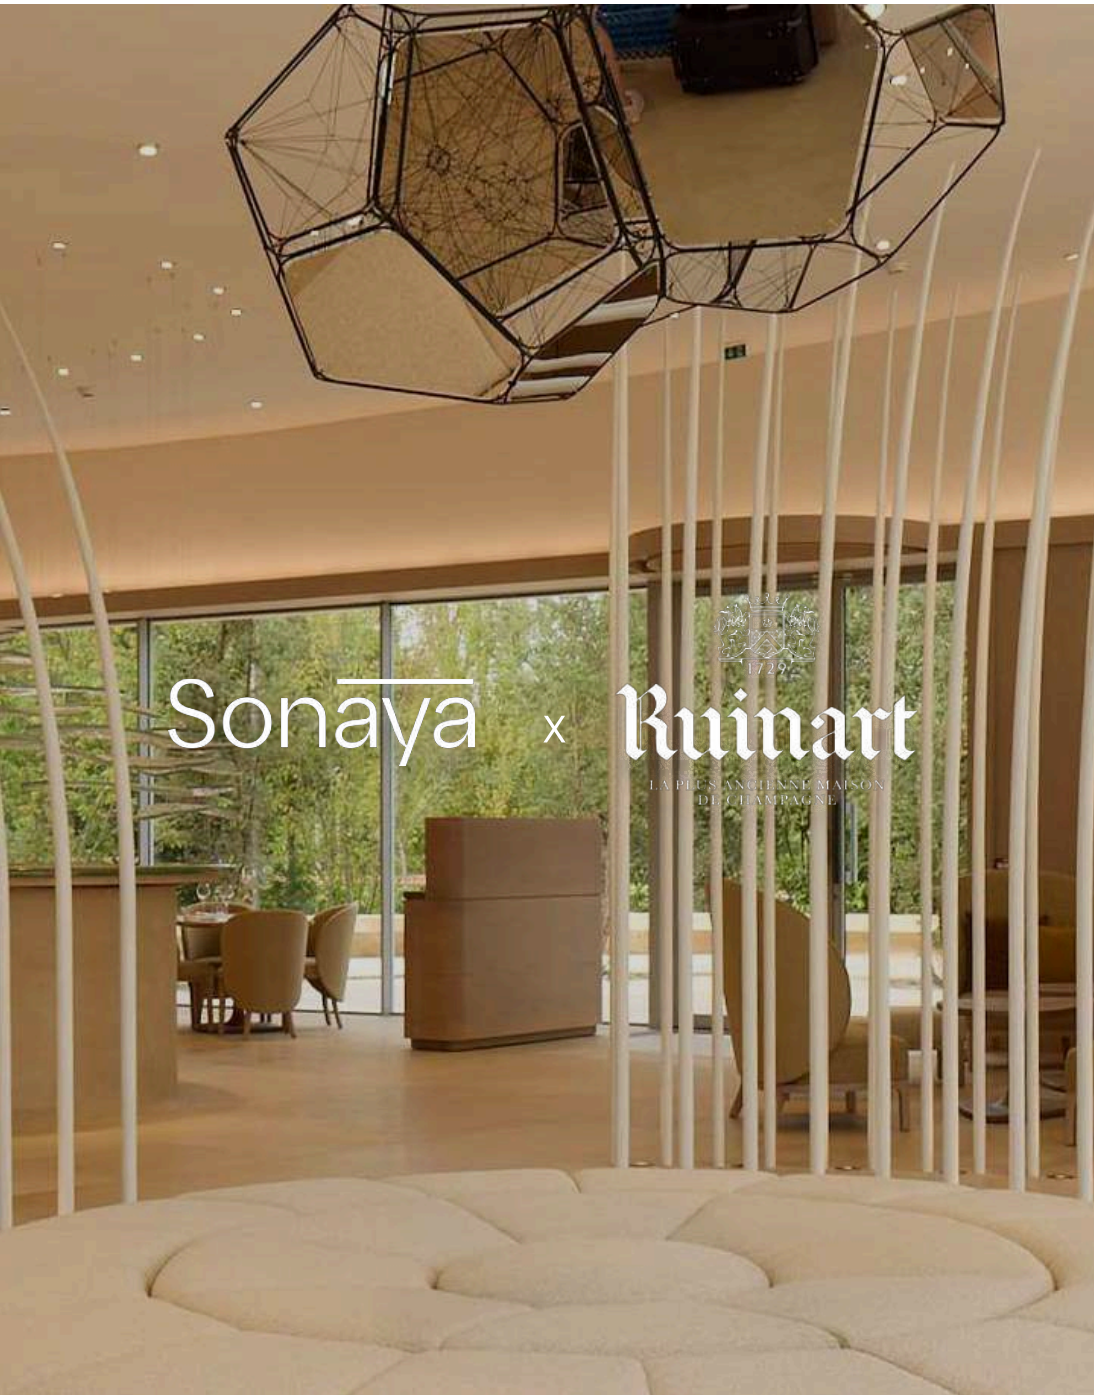

Workspaces & Retail

Offer more pleasant, inspiring, and distinctive environments.

Sonāyā

Pavillon Nicolas, RUINART

Within Ruinart’s iconic pavilion, Sonaya blends seamlessly into the architecture, transforming the space without altering its design. Sound waves flow gently through the walls, enveloping guests in a warm, elegant, and deeply sensory atmosphere.

Le Montreux Palace, FAIRMONT

In over 100 rooms at the Montreux Palace, Sonaya transforms the headboard into a hidden source of emotion, invisible, yet profoundly present. The sound diffuses softly, surrounding each guest in a cocoon of serenity, where rest becomes a true sensory experience.

Each project becomes a welcoming experience, where sound surrounds guests with a sense of serenity and well-being. Here, silence has a soul and every note tells a new story of hospitality.

Kitchens, BULTHAUP

At Bulthaup, every space embodies excellence and precision. With Sonaya, sound becomes a natural extension of this philosophy, a subtle presence that imposes nothing yet elevates everything. The acoustics blend seamlessly into the material, creating a soft and immersive soundscape that enhances the culinary gesture without ever distracting from it.

Loggys, MOBI CONCEPT

Sonaya transforms the living spaces of Loggys into places of shared pleasure. The technology is seamlessly integrated into the structure of the home, offering an elegant, tamper-proof, and connected acoustic experience. In these premium residences, sound becomes an invitation to conviviality, enriching everyday life without ever disturbing the surrounding calm.

Together, we craft creations where technology fades away to let design and sonic purity take center stage, a perfect balance between innovation, aesthetics, and emotion.

They make the body and mind resonate with Sonaya. Every note becomes a gentle touch soothing, harmonizing, and regenerating. Sound turns into care, a benevolent presence that nurtures inner calm.

Treatment Spaces L'OCCITANE

L'OCCITANE places well-being at the very heart of its identity. Sonaya enhances this philosophy by integrating sound directly into the massage tables, offering a deeply immersive and restorative experience. Each note becomes a form of care. Each vibration guides the body toward complete relaxation, a perfect harmony between nature, sensoriality, and French innovation.

Massage Tables, KORE

Designed for relaxation and health, KORE massage tables integrate Sonaya's technology to add a vibrational dimension to each treatment. The subtle resonance supports therapeutic protocols, promotes muscular relaxation, and balances the mind. Innovation serves well-being and well-being becomes the essence of care.

Boutiques, VACHERON CONSTANTIN

In the world of fine watchmaking, every detail matters. Sonaya creates an invisible acoustic setting that transforms time itself into an emotion. Gentle waves of sound resonate with noble materials, crafting an intimate atmosphere that enhances the discovery of exceptional timepieces. Sonaya elevates the art of time without ever disrupting it.

Sound becomes a signature, a sensory language that extends the identity of each space and invites emotion. A subtle experience, both inspiring and unforgettable.

Boutiques, VAN CLEEF & ARPELS

Van Cleef & Arpels designs jewelry that tells stories. Sonaya amplifies those narratives by shaping a sonic ambiance that heightens the emotion of each precious moment. Invisible, pure, and velvety, the music accompanies every glance, every gesture, every spark of wonder. Sound becomes a case, delicate, poetic, and full of soul.

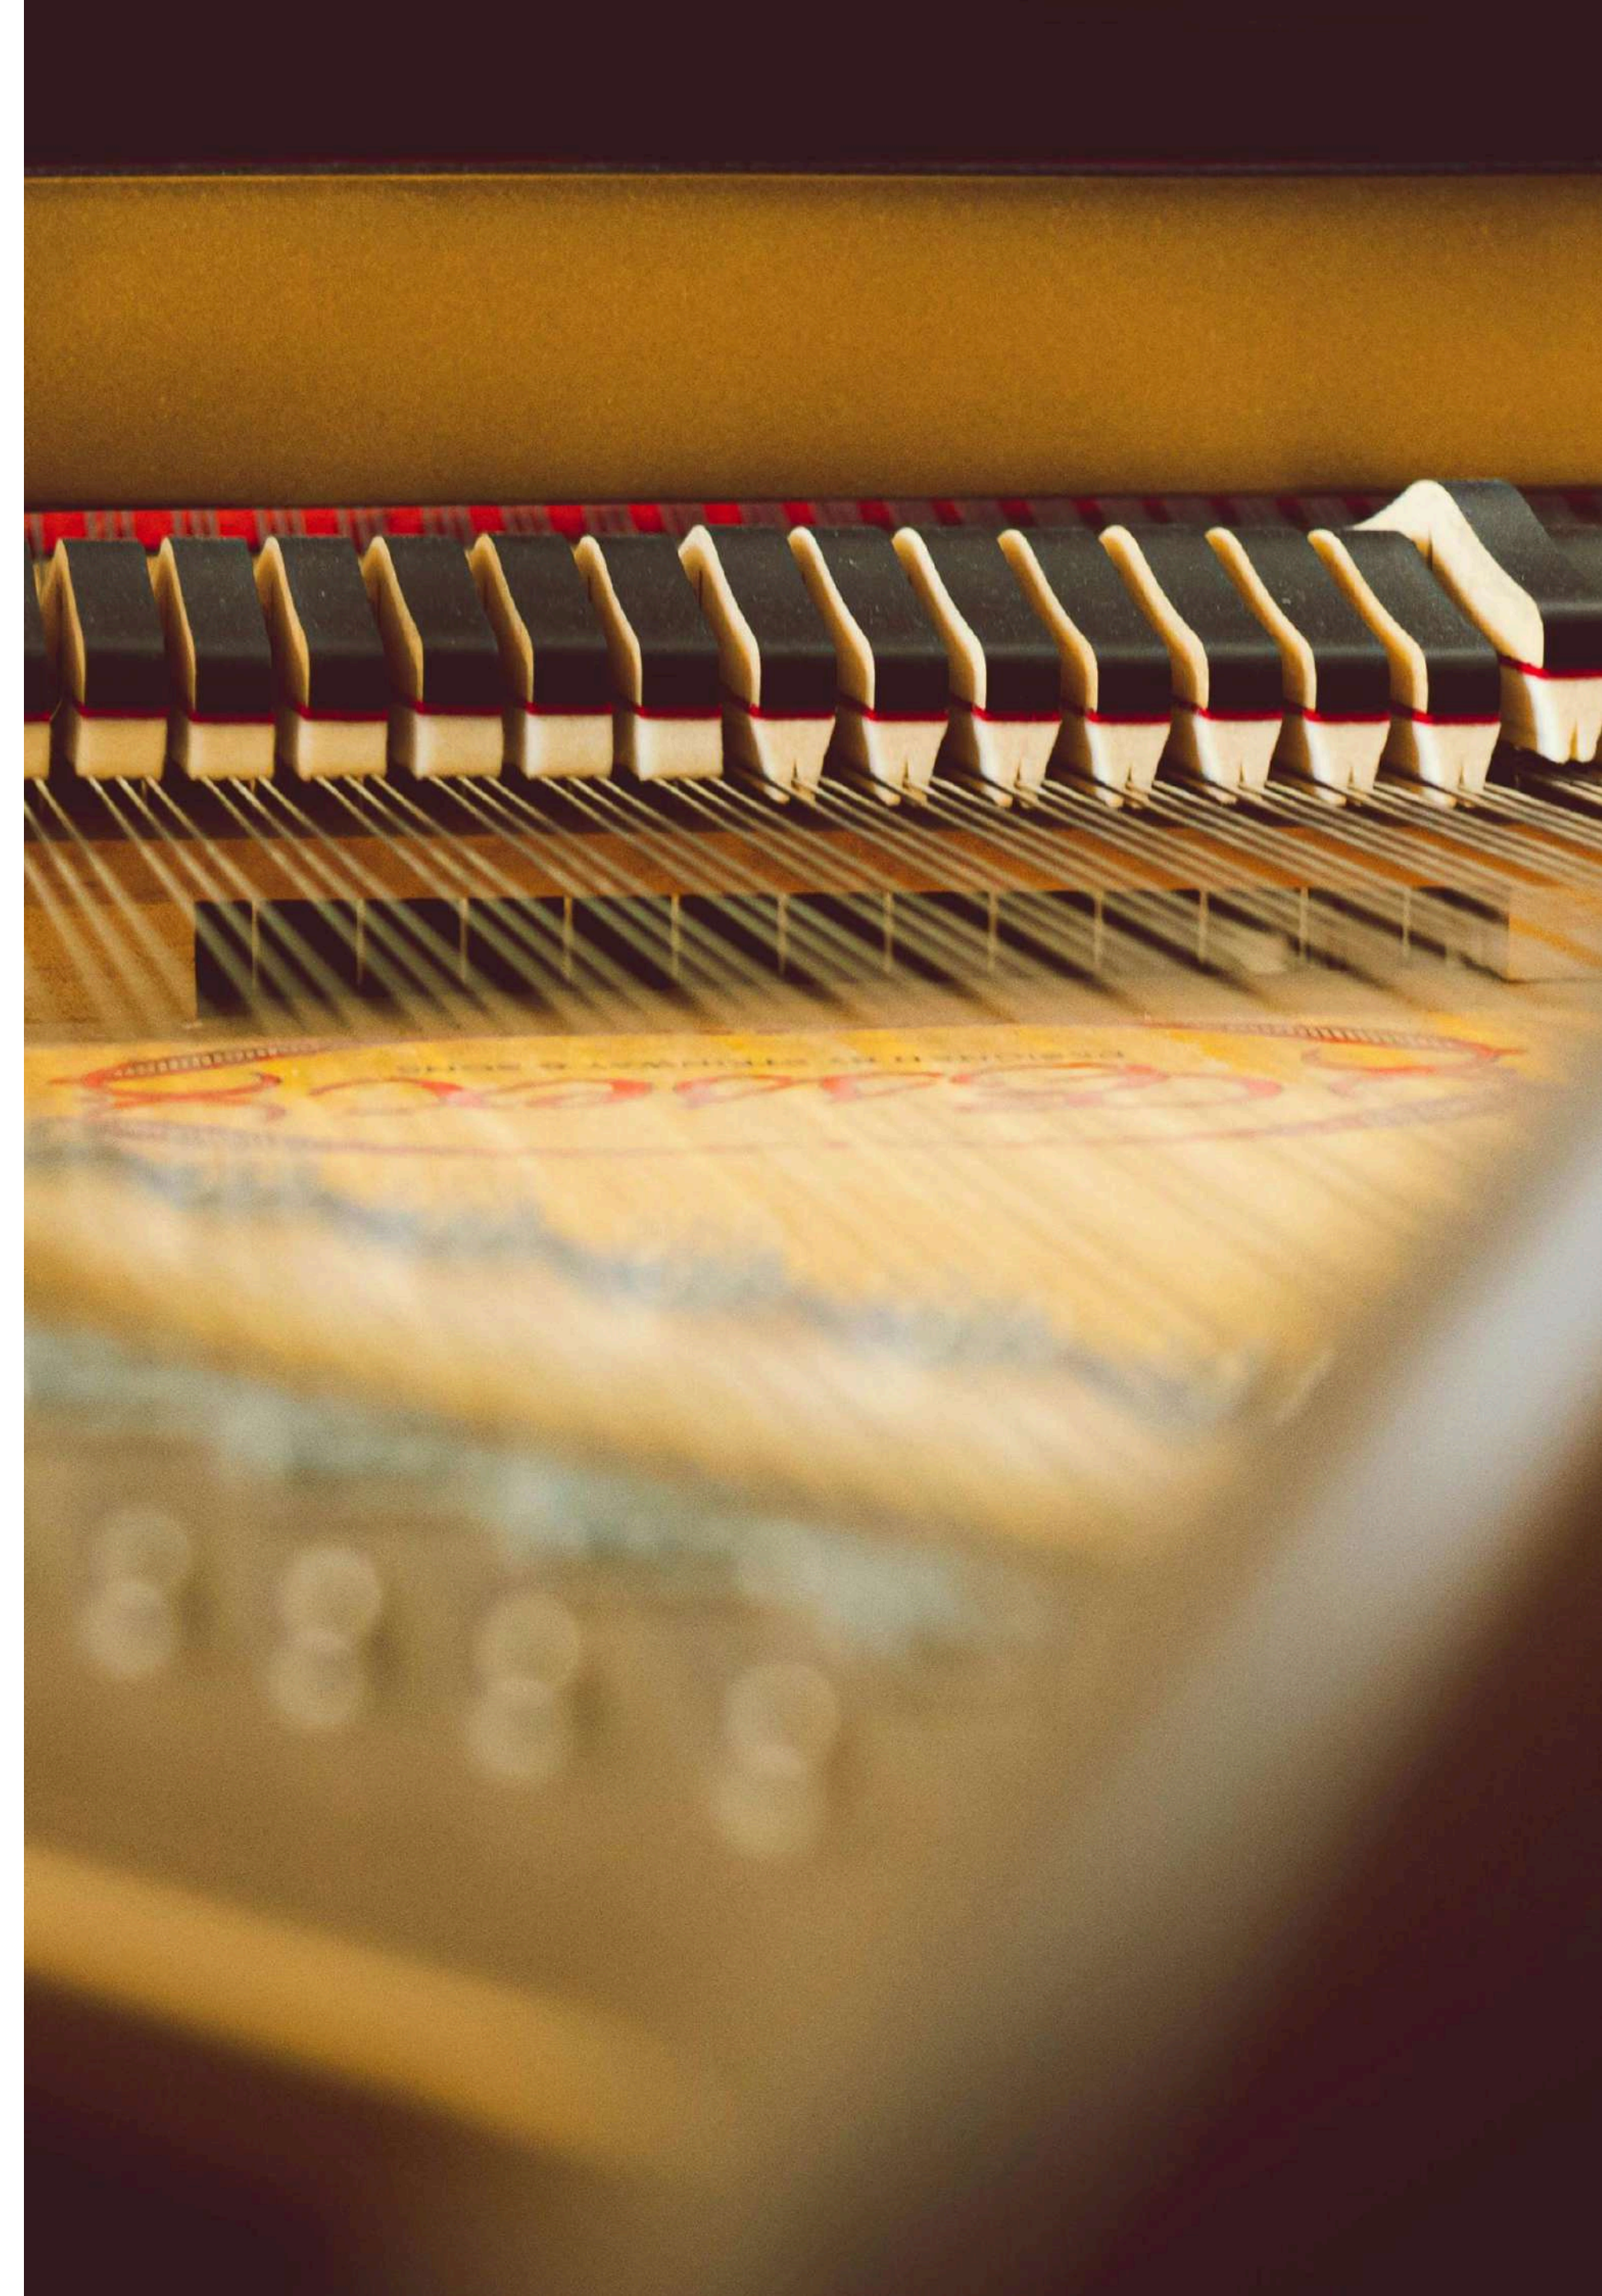

Sonaya^{studio}

Sonaya Studio is where the brand's artistic and sensory innovation comes to life. It is here that sound signatures, immersive ambiances, and bespoke experiences are born. Sonaya Studio curates tailored playlists, crafted to reflect your universe.

Every Sonaya project is unique.

Each one is conceived as an acoustic artwork, a meeting point between engineering, music, and human emotion.

Sonaya Studio explores the infinite possibilities of sound to create atmospheres that are invisible to the eye, yet unforgettable to the senses.

Sonāyā

“Our ambition: to build a world where technology fades behind the beauty of feeling.
Because happiness, when shared, becomes timeless.”
